BUTTE POLICEMEN HAVE TROUBLES OF THEIR OWN

HELENA, Mont. June t.—Mayor Frank J. Edwards, Republican, upon entering office one month ago, caused an ordinance to be introduced in the council reducing the police force from twelve to eight men on the plea of municipal economy, this being the only way to reduce the force, since the police are now under civil service. At 11 o'clock last night, Captain Leonard Bailey and three patrolmen were notified by Chief of Police Flannery that their services would be no longer required. Captain Bailey and the patrolmen, however, deny the authority of the Mayor to dismiss them and are still on duty.

After the passage of the ordinance reducing the force, Alderman Longmaid circulated a petition under the initiative and referendum act and secured the required number of signatures sequesting the council to submit the ordinance to a vote at a special election to be called under the provisions of the initiative and referendum act. Mayor Edwards however, holding that the council has no authority to submit to the people, which if carried, would mean an expenditure of more money for the maintenance of the police department than is provided for by the tax levy, has refused to grant the referendum petition.

The comptroller of the currency now has in the vaults about \$203,000,000 in old notes belonging to various national banks, and these will be used as required until new notes are printed and quired until new notes are printed and seasoned ready for use. It is probable that it will require six months to change all of the plates used by the 6810 national banks, but it is expected that some of the new issue will be ready for delivery by July 1 next. Several matters connected with the new issue are still under discussion, one of the most important being the denomi-nation of the notes, but it is thought that the smaller denominations will be issued first, as each autumn there is a heavy demand for small notes, especial-ly from the west and south. NEBRASKA DEMOCRATS SPENT RYAN'S MONEY

State Campaign: Bryan Never Saw It.

OMAHA, Neb., June 1.—Mayor James C. Ryan, through W. F. Sheehan, was received and disbursed by him. He said he wrote to Sheehan imhim. He said he wrote to Sheehan immediately after the Democratic state convention that there was no hope of carrying the state for Parker, but in October he sent T. S. Allen to New York to secure money for use in an attempt to elect G. W. Berge governor.

Said Mr. Dahlman:

"We got \$5000, not \$20,000, in three payments, and it was turned over to me, and I spent it all in the state campaign, not one penny of it going into

paign, not one penny of it going into the national campaign or to Mr. Bryan. The money did good and, while Roose-velt carried the state by something like 83,000 majority, Berge lost it by less than 10,000 votes. If we had had \$15,000 more we would have carried the state

for Berge.
'I think that is all there is to say about these trumped up charges of the New York paper. Mr. Bryan never saw the money, never knew of it; I got it all and spent it all. It came from the national committee, whether from Sheeban or Ryan I don't know and don't care, and no money was used to influence Bryan, as he worked for Parker from the very start."
